

AFL Seamen Win Demands; CIO Sailors Vote Strike

By MAX HALL

Washington, Sept. 13 (AP) — The Maritime Commission met today to put into effect terms of a White House proposal for settling the AFL seafarers' walk-out even as CIO sailors voted to strike at noon.

As the Commission went into executive session, members indicated they would follow the recommendations of their Labor Relations Director J. Godfrey Butler, that wage increases be extended to the CIO as well as to AFL seamen.

Butler told a reporter he thought the Commission "would seek to extend to the CIO the same increases as were given to the AFL." Most of the ship operators were busy in home ports and were not in the Commission's conference, which was confined to government people.

Fleet Remains Idle

Harry Lundberg, boss of the AFL Sailors Union of the Pacific and president of the Seafarers International Union which is on strike on the Atlantic and Gulf coasts, last night completed a new contract with the operators on the west coast embodying the higher rates authorized by the White House.

Butler said he would recommend that the Maritime Commission formally advise ship operators that the Commission has no objection to the same raises going to the CIO.

Until the formalities are carried out, the merchant fleet remained the same—idle. Maritime unions are so distributed that either the AFL or the CIO can freeze the industry.

Got What They Wanted

John R. Steelman, who is both reconversion director and economic stabilizer, signaled an end for the AFL stoppage by giving the strikers the raises they wanted.

Labor men in Washington anticipated the CIO unionists also would get their demands so that strangled ocean traffic can begin moving again. They interpreted Steelman's action in the AFL case as meaning the government decided against a "get tough" policy in this crisis.

The AFL men on the west coast, headed by Harry Lundberg, ended their strike last night midnight.

The east coast group, however, decided to hold out until it got "written assurances" from the government that the money would be approved—in its case \$10 a month a man. Barring a last-minute hitch, the assurances were expected to be sent today.

WSB Ruling Changed

The CIO National Maritime Union, led by Joe Curran, struck today to persuade employers to match the AFL wages. Should the employers agree, a government okay presumably would follow in accordance with the Steelman plan.

The Steelman plan gives AFL seamen in the able-bodied class \$5 to \$10 more a month than the wage stabilization board was willing to approve. The money will come partly from the pockets of private ship-owners and partly from the federal treasury.

The Steelman plan upheld the WSB ruling in one respect: In private shipping, the operators must absorb the \$5 to \$10 themselves, without passing it on to the public in the form of higher shipping rates.

In government shipping—still nearly half of the industry—Steelman simply changed the rules to permit the Maritime commission to finance the higher wages without WSB approval.

CUMBERLAND TWP. VOTING HOUSE MOVED

Residents of Cumberland township, viewing the moving of the township's election house through Gettysburg Thursday afternoon were almost hopeful that the commissioners would make the idea permanent and have the voting place moved about on election day to the various sections of the township.

The hopes were blasted however when the building, after its mile and a half trip through the borough came to rest on its new site at the end of Carlisle street on the county farm property.

A 17-foot-high frame structure, the building was too high, once it was placed on a huge trailer of the John S. Teeter company to go under the light and telephone company wires so the roof was cut off and brought out to the new site separately.

Not A Chair Upset

To move the building through town the commissioners had to secure a permit from the borough officials because the 15-foot-wide building and the 20-foot rollers on which it rested while on the trailer were much beyond the normal width permitted for vehicles moving through the town's streets.

The trip was made between 1:30 and 2:30 o'clock in the afternoon while traffic was light. Frequent stops had to be made during the slow progress to permit the truck with its election house load to pull to one side to allow traffic from the other direction to pass.

The 40 by 170 feet Steinwehr avenue site of the voting place was sold to David Oyer after a recent annexation of territory to the town placed the election house in the borough after it had served for years in the township. The house was jacked up and the truck driven under it for the trip. At the county poor farm site the procedure was reversed.

Elections could have been held while the building was moving through town, observers noted. All furniture and equipment was left intact and so smooth was the ride that not a chair was upset on the way.

CHURCH GROUP PLANS PROGRAM

Plans for activities during the coming three months were outlined Tuesday evening at a meeting of the teachers and officers of the Senior and Young Peoples department of St. James Lutheran Sunday school held at the home of Mrs. Henry T. Bream, North Stratton street, superintendent of the department.

Sunday discussion periods will be held starting in October, according to the plans presented by Paul Weaver, Jr., the presiding officer. A new certain arrangement will be provided at that time to separate the Senior and Young Peoples groups, he announced.

A "Farewell to Summer" party will be held on Thursday, September 19, in the form of a wieners roast at Rostensteel's park, the group decided. The members will meet at the church at 6:30 p. m., and hike together to the park.

A "Get Acquainted" party and supper is being arranged for October at which new members will be welcomed to the department and a roller skating party will also be held, possibly early in November, the group decided.

The officers and teachers extended a general invitation to all young people in the community not otherwise affiliated and to the students of both the college and Seminary to join the religious and social functions of the department.

ASKED TO HELP CUT ABSENCES IN ADAMS SCHOOLS

Teachers, school board secretaries and truant officers in several Adams county school districts are being asked to take steps to reduce, if possible, the number of absences during the current school year, following a check in several districts in the county by the state department of public instruction which has revealed that the per pupil absences showed a considerable increase last year.

The check was made by Robert Wilson, advisor in child accounting and research, Harrisburg, who, since his return from service has made similar checks in 19 other counties of Pennsylvania. His check revealed, according to Dr. Robert A. Bream, assistant county superintendent of schools, that of the 20 counties, Adams county had the highest rate of absences.

Mr. Wilson was accompanied on his recent visit to the districts in this county which showed the greatest number of absences per pupil, by Dr. Bream. They talked with teachers, school board members, and school principals, in an effort to have a greater attendance this year, and in an attempt to clarify the procedures in cases of illegal absences.

Average Was 15

Other districts will be visited from time to time, and checks made on the most flagrant cases of absence, Dr. Bream said.

The greatest amount of absence in the county was in a district which showed 41 absences per pupil average. The average for the county, which has been down as low as ten, was 15 last year, Dr. Bream said. Principal reasons for absences last year were epidemics of measles, mumps and other diseases, inclement weather, war time emergency work, and in some cases negligence on the part of enforcement officers, the county superintendent said.

Townships which showed an average per pupil absence higher than the county average, and between 15 and 25, were listed as: Berwick, Cumberland, Franklin, Germany, Hamilton, Hamiltonton, Highland, Huntingdon, Latimore, Liberty, Menallen, Mt. Joy, Mt. Pleasant, Oxford, Reading, Straban, Tyrone and Union townships.

Most Not Unlawful

The increase in absences has been general throughout the state, Dr. Bream said. At the same time, the number of absences classified as "unlawful" has not been excessive in this county, he said.

In the district which had the highest per pupil average in the county, several pupils were in regular attendance throughout the year, but there were two families located more than two miles from the schoolhouse whose children attended school very infrequently during the year, thus raising the absence average. A penalty on the school districts is provided in the new school law, No. 403, in which state reimbursement is now based on the average daily attendance rather than the number of teachers. Pupils not in school cause the district a loss in reimbursement, Dr. Bream said.

Youths Sent Back To Connecticut

The two youths from Bristol, Conn., who were being held by local police Thursday for having allegedly stolen two automobiles, started on the return trip to Connecticut Thursday night when police from there arrived for them. The two young men waived extradition.

The youngsters were picked up here when C. A. Elxler, New Oxford, manager of the Gettysburg-Hanover district of the United Telephone company, noticed two young men abandon a New York licensed car at New Oxford and hitch-hike a ride to Gettysburg. Becoming suspicious of the actions of the two he called state police who picked them up in Gettysburg.

MEAT SUPPLY AT NEW LOW LEVELS HERE

The sharp drop in livestock sales at big city stockyards that has closed packing houses in Chicago and other meat packing centers is making its effects felt in Gettysburg, a checkup showed today.

Locally the situation today reached a point described by one butcher as "worse than a couple of months ago when there was practically no meat at all."

One chain store which normally secures from 12 to 14 sides of beef reported it has been promised two sides, but added that the meat had not yet arrived. The manager of the store hoped it would be here for Saturday.

Complain About OPA

Another local butcher said that he might have to close Saturday afternoon due to the small amount of meat he has on hand and added that if the small stock is gone by tonight he would not open at all Saturday.

One of the larger stores in town reported it had only frankfurters and cold cuts on hand and did not expect another shipment of meat until Wednesday and would not know what would arrive until it got there.

Another local butcher complained that OPA regulations governing quotas that can be killed prevented sale of meat here. He has slaughtered his full quota, he said, and has only a small amount of meat on hand, probably enough to last out the day.

Another local butcher said he had been able to get nothing from the packers and had only about 15 pounds of meat on hand. He too has killed his quota under OPA regulations, he said, and cannot fit the loss of meat from the national packers with locally killed meat.

ANTIQUES BURN IN TRUCK FIRE

Has anybody seen anything of a Virginian driving a truck which was on fire about 6:30 o'clock Thursday evening?

Fire Chief James B. Aumen told he was still looking for the driver of the vehicle in order to complete his report on the conflagration at which the local fire company was called Thursday evening.

The firemen went to the scene of the fire, about 1 1/2 miles east of town on the Lincoln highway. There they found antique furniture in the rear of the Virginian's truck ablaze. The furniture had been covered by tarpaulins and blankets and one of the men in the truck threw a cigarette out of the window of the cab as the truck rolled along. The cigarette, firemen believe, landed on a blanket over the furniture near the back of the cab. Blanket and furniture began to blaze.

Called to the scene, the firemen extinguished the flames in short order leaving the truck unburned, except for one portion of the floor of the truck body, and saving much of the furniture. The driver, anxious to arrange for getting the truck off the highway and getting things straightened out, told the fire chief he would see him Thursday night and the report could be filled out. Aumen is still looking for the gentleman whose name he still does not know.

Shock Fatal To Aged County Native

Funeral services were held in Altoona Thursday for Mrs. Lillie Lockard, 85, a native of Adams county, who died suddenly from a heart attack at her home Monday night after learning of the accidental death of her son, Hiram Lockard, 59.

Her son was one of three men killed Monday evening about 6 o'clock when a truck swerved to avoid hitting a child and crashed head-on into the Lockard car. Lockard and a companion, Mr. Myer, were killed outright and two youngsters riding in the rear of their car were slightly injured. A 21-year-old youth sitting along the roadway nearby was killed when the car was thrown against him.

Mrs. Lockard was a daughter of the late Amos and Maria (Lower) Lady and spent her early years in the county. A number of cousins reside in the county.

Mr. and Mrs. Lloyd Garretson, Mr. and Mrs. Luther Lady and Miss Carrie Lady attended the funerals of their aunt, Mrs. Lockard, and her son, both of which were held Thursday.

Says Arbitrary Use Of Veto Has U.N. In Disrepute

Paris, Sept. 13 (AP)—An Australian delegate to the peace conference said today the United Nations Security Council was in disrepute through arbitrary use of the veto power, and should not be permitted to govern the proposed free territory of Trieste.

"The use of the veto power in the Security Council has been arbitrary, irresponsible and dictatorial and has brought the Council into disrepute throughout the world," said Col. W. R. Hodgson, who has served as a delegate to the Council.

"It would make the Trieste port question a threat to world peace."

To put the Trieste question in the hands of the Security Council, as suggested by the four-power foreign ministers council, "would insure making the plan unworkable," Hodgson argued. He said Trieste should be governed by a council representing the United States, Great Britain, Soviet Russia, France and three other nations.

WAR NOT LIKELY IN BALKANS NOW SCRIBE WRITES

By J. M. ROBERTS, JR. (AP Foreign Affairs Analyst)

Military alarms in the Balkans which once would have been taken as the harbingers of immediate war must be studied in a new light today.

There are reasons for believing that military displays are merely being substituted for the diplomatic notes of former times, and that, right now, they may be even less explosive.

The Red army has been concentrating in the area surrounding Greece; Russia is reported equipping 70,000 Albanians for war and there has been a little wild shooting along the Greek-Albanian border; Russia's servants in Belgrade are reported seeking a unified Yugoslav-Albanian military area for defense; Bulgaria, Albania and Yugoslavia are presenting claims against Greece, and Russia is doing likewise against Turkey. Yugoslavia is making motions around Trieste.

Careful About War

While Russia may be using "all means short of war" to further her program, she is believed by observers within and without Russia, to be carefully remaining within the limit.

As a matter of fact, amid all the talk, there are few who attribute to Russia a desire for war, now or at any time. Instead, observers in Moscow agree with Communists both there and abroad that the Soviet is determined upon peace for now, and for the future if it can be made compatible with Russia's conception of her needs.

Where the rub comes—and when you hear conservative diplomats talking about the possibilities of a third world war this is what they mean—is the fear that Russia conducting a military diplomacy which she intends to strengthen with every year, will eventually be emboldened to take a chance, such as Germany took in Poland, which she will be mistaken in thinking she can get away with without war.

When you ask a European Communist why Russia, in spite of all her peaceful protestations, uses her army as a diplomatic weapon, with all the danger that such a policy involves, he will reply: "Britain and America use money. We don't have the money. We have men. We use the Red army."

WILL ARBITRATE DUQUESNE CASE

Pittsburgh, Sept. 13 (P)—The threat of a second paralyzing power strike within a year in the industrially rich Pittsburgh area diminished today after representatives of the Duquesne Light Co. and its independent union agreed to submit their wage and other differences to arbitration.

Acceptance of the arbitration proposal came a few minutes before last midnight on the eve of a common pleas court hearing on the question of whether a temporary injunction, granted last Tuesday shortly before the strike deadline, should be made permanent. The injunction forbade the strike as being dangerous to public health and safety.

Mayor David L. Lawrence, at whose behest the preliminary injunction was issued, said he would ask the court to postpone the hearing until September 24 to allow the company's 3,500 workers time to decide whether to accept the arbitration plan. The workers—members of the Independent Association of Employees of the Duquesne Light and Association companies—will vote on the plan September 20. In the event of a favorable vote, Lawrence hinted, the city would withdraw the request for a permanent injunction.

The union is seeking a 20 per cent pay increase and other benefits.

Judge David G. Hunter approved a second accounting of the \$7,492,499 estate under terms of the will of the elder Earle who died February 19, 1928.

In addition to the former governor, other beneficiaries are his brother, Ralph; his sisters, Mrs. Hansell Earle Patterson and Mrs. Gladys Earle Mather, and their nephew and niece, Charles E. Mather, 2nd, and Catharine Earle Mather, Shober, whose mother was the late Mrs. Catharine Earle Mather.

Trustees under the will are George and Ralph Earle. They reported the distribution of \$1,677,444 as income between May 17, 1937, and August 22, 1945. Under terms of the will the trust is to continue until 21 years after the death of the elder Earle's last grandchild who was living on February 19, 1928.

Overseas Negro Vets Arrested

Florence, S. C., Sept. 13 (P)—A railway station melee in which military police were reported to have swung their blackjacks freely landed 135 negro soldiers in civilian jails here Thursday on charges of "disorderly conduct, resisting arrest and interfering with an officer."

Police Chief J. A. Price said the negro soldiers, most of them just back from overseas, charged six M.P.s in an attempt to free five of their number arrested on a troop train for disorderly conduct.

The soldiers, with whom the M.P.s were traveling, left the train in the wake of the M.P.s and the five under arrest, and after a brief consultation among themselves, charged the smaller group Price said.

WALLACE TALK IS EXPECTED TO CAUSE INCIDENT

Washington, Sept. 13 (P)—Diplomatic authorities frankly predicted today that Secretary Wallace's foreign policy speech will stir a hornet's nest of controversy over American-Russian relations.

Despite President Truman's assertion that no departures from established United States foreign policy were involved there was wide speculation that it might also result in a sharp split between Wallace and Secretary of State Byrnes, now at the Paris peace conference.

Calling for frank recognition of Russian and American "spheres of influence," Wallace at the same time denounced any "get-tough-with-Russian" policies. He demanded too that this country abstain from close cooperation with Great Britain in controversies involving the Soviet Union.

Wallace emphatically declared that the United States must establish a clearly-defined and realistic foreign policy of its own to avoid another war.

Stunned Surprise

The cabinet officer delivered the speech in New York last night at a meeting sponsored by the National Citizens Political Action Committee and the Independent Citizens Committee of the Arts, Sciences and Professions.

Long before its delivery, however, advance copies were made available in abundance at Wallace's office in the Commerce Department here, and the contents had become known to State Department officials.

The initial reactions of these officials appeared to be one of stunned surprise at Wallace's blunt advocacy of policies which they evidently considered to be in conflict with those Byrnes has been following.

However, about four hours before Wallace spoke, Mr. Truman told his news conference that he approved of the whole speech. And, in response to another question, he said he did not consider that it involved any departures from the policies of Byrnes but rather was exactly in line with those policies.

See Drive To Kill OPA Next April 1

Washington, Sept. 13 (P)—A drive to kill OPA next April 1—three months ahead of its scheduled death date—is shaping up among Senators.

Discussed quietly by some members of both parties, the proposal was brought into the open by Senator Taft (R-Ohio).

He told the Ohio Republican state convention price and wage controls should be "completely abolished" by April 1, with rent control for not to exceed one more year transferred to the National Housing Administration.

'MAYBE' HE ATE HUMAN FLESH

By DOUGLAS LOVELACE

Guam, Sept. 13 (P)—Japanese Lt. Gunji Isogai conceded at his war crimes trial today that he may have eaten human flesh but denied doing so knowingly.

Isogai related that he attended a Saki party at which "a funny kind of meat" was served. He said he asked his commanding officer "you are not going to feed us human flesh, are you?" and was told "at times you may be right."

He testified he regarded this as a joke, but rumors later convinced him it might have been real. Isogai is accused of having removed and eaten the flesh of an American prisoner of war on Chichi Jima in February, 1945.

A navy surgeon, Lt. Kanehisa Matsushita, another defendant, testified that he removed the liver from an American POW's body, March 5, 1945, at Chichi upon orders of his commanding officer, Lt. Yasuo Kurasaki. He said he asked Kurasaki what he was going to do with the liver and the officer replied "leave this to me."

He said that despite his protest he was ordered "to go ahead quickly."

He said he saluted the body dissecting it. He testified that he sewed back the head, which had been almost completely severed by the executioner's stroke.

Matsushita said he felt no shame because he did everything he could for the dead prisoner; "during the period of war, an order is something more absolute than normal obligation."

Settlement Near In Truck Strike

New York, Sept. 13 (P)—Hopes for settlement of the 13-day strike of New York city truckers brightened today after union members authorized their officers to negotiate with truck operators.

It was the first time the union members had agreed to negotiate since the strike began.

Both sides planned to meet at 1 p. m. (EDT) with Mayor William O'Dwyer to continue their talks. They held their first negotiating session last night.

Members of the union, Local 807, International Brotherhood of Teamsters (AFL), stood firm however in their refusal to permit a resumption of deliveries for chain stores and newsprint to newspapers.

ROSS FIGHTS DRUG HABIT

New York, Sept. 13 (P)—Barney Ross, 37, hero of Guadalcanal and former holder of two world boxing titles, started out today on the toughest battle of his life—to cure himself of a drug habit.

"Because I have been a champion, I suppose I am an idol of a large number of kids and I don't want to disillusion them by winding up a drug addict," the former marine corporal said as he voluntarily surrendered to federal authorities in order to take a drug addiction cure.

Ross will take the cure at the U. S. Public Health Hospital at Lexington, Ky. John P. X. McGohey, United States Attorney, explained that because the hospital is crowded, voluntary submission to arrest was the only way Ross could get in.

The former ring champion was placed under technical arrest on a charge of illegal possession of drugs, but McGohey said Ross would not be arraigned and no bail would be asked.

Ross said that "through no fault of mine," he began taking drugs after he was hospitalized for shock and malaria at Guadalcanal.

"A couple of friends of mine," he added, "corpsmen in the service, who meant only good, began giving me treatments for the shock I suffered."

Eastern League

(By The Associated Press)

The Scranton Miners, eastern league champions, need but one victory today to sweep their governors' cup semi-final playoff series with the third place-Wilkes-Barre Barons.

The pennant winners rallied for three runs in the ninth to nose out the Barons, 6-5, at Wilkes-Barre last night for their third victory without defeat. The fourth place Hartford Chiefs took a two to one lead over the second place Albany Senators at Hartford by winning, 3-0, as Tim Triner and Jim David combined for a four-hit whitewash job.

The fourth game of the two series will be played tonight at Hartford and Wilkes-Barre. The Chiefs will send Ollie Byers against George Eslock, slated to hurl for Albany. Scranton's John Thompson will oppose Alex Danelishen of the Barons.

Corrects Statement On Bible School

Correcting a statement made in Thursday's announcement of the plans for a Cooperative Week-Day Bible school in Gettysburg, the Rev. Howard S. Fox, secretary of the Gettysburg Ministerium, said that St. James Lutheran church helped support the Vacation Bible school conducted here this summer by the Protestant churches.

Thursday's statement was that the "same group" of churches will sponsor the Bible study classes from October to April. St. James Lutheran will continue to conduct its own week-day Bible school during the coming season. The other Protestant churches of the town will operate the cooperative school at the Presbyterian Sunday school building.

APPLE PICKERS HOST SATURDAY TO EMMITSBURG

Opening game of the final series to determine the champion of the Adams County Baseball league will be played between Arendtsville and Emmitsburg on the Arendtsville diamond Saturday afternoon at 2:30 o'clock.

Arendtsville took its semi-final series by whipping McSherrystown in two straight games. Emmitsburg made it two out of three from Fairfield by winning a 2-1 10-inning decision last Saturday.

The consistent play of the Apple Pickers all season will make them favorites in the eyes of many while Emmitsburg's fine showing in recent weeks will find it with many backers.

Both teams will send their ace moundsmen to the hill in the opener. Tritt, Cumberland county importation, will be the starter for Arendtsville while his opponent will undoubtedly be Briscoe. Both have shown plenty of form during the regular league season.

Semi-final playoffs for the Penn-Maryland league honors will open Sunday afternoon with games at McSherrystown and McSherrystown. Emmitsburg will play at McSherrystown while the winner of the Thurmont-Blue Ridge Summit game on Saturday will play at Hanover.

CARDS DEFEAT BROOKS IN 1ST OF BIG SERIES

More than ever today it looks like the St. Louis Cardinals will be the Boston Red Sox' World Series opponent next month.

Not so much because the Cards beat the Brooklyn Dodgers yesterday in the opener of their "fight for the flag" three-game series to increase their National league margin to two and a half games, but because of the easy manner in which they bowled over the Flock. The score was 10-2.

It was absolutely no contest. In fact, the game was over barely five minutes after it started. Kirby Higbee, the Dodgers' ace righthander and possessor of the best won and lost record in the league, retired the first two batters to face him, but then the roof caved in over his head. Stan Musial doubled, Enos Slaughter walked, Whitey Kurowski and Dick Sisler singled, and Rookie Catcher Joe Garagiola homered to make it 5-0 for St. Louis before Howie Pollet, who was to gain his 19th triumph, made his first pitch.

Sox Lose Again
The pennant-bound Red Sox failed again to clinch the American league flag when they bowed to Bobby Feller and the Cleveland Indians 4-1. The Tigers moved two games in.

front in their battle with the Yankees for second place by defeating the New Yorks 6-4 in Detroit.

The Chicago Cubs earned a split with the Phillies in a double-header in Philadelphia, winning the second game 5-4 in 10 innings after the Phils had come from behind to cop the opener 4-3.

After losing 1-0 to Pittsburgh, the Boston Braves edged out the Pirates 2-1 in the second game of a double bill.

A six-run eighth inning gave the Washington Senators a 9-6 victory over the Browns under the lights in St. Louis.

Rookie Monte Kennedy yielded only two hits in pitching the National league cellar-dwelling New York Giants to a 4-1 victory over the Cincinnati Reds.

Cold weather in Chicago forced the postponement of the White Sox-Philadelphia Athletics game.

DELAWARE GETS TOP RATING IN NEW GRID LOOP

By HERB ALTSCHULL
Philadelphia, Sept. 13 (AP)—The newly-formed Middle Atlantic Intercollegiate Football Association swings into its first year of operation next Friday with Delaware and Scranton rated one-two on the pre-season dopesheets.

Eighteen colleges are listed as active members of the circuit although one, LaSalle college of Philadelphia, is not fielding a team this year.

Delaware, unbeaten in its last 21 games, has the nucleus to sweep to the title. The Mudhens, under the able direction of Coach Bill Murray have four players returning from the unbeaten and untied 1942 eleven.

Scranton's Tommies, led by Quarterback Mike Denoia, compiled a strong record last year and are expected to be even tougher in 1946. The Tommies, in addition to their conference foes, play a number of inter-sectional games and may rank among the better eastern teams.

Franklin and Marshall, undefeated last year, lost most of its naval trainee stars and must undergo a complete rebuilding program. The same holds true for Swarthmore, although each of these teams should be good in its class.

Albright, Mules Rate
Dave Strong's Albright team and a rising Muhlenberg squad also are expected to be tough.

Strength of the remainder of the association is unknown since few of the teams competed on a formal basis last year.

Other teams in the association are Dickinson, Drexel, Gettysburg, Haverford, Juniata, Lebanon Valley, Moravian, P.M.C., Susquehanna, Ursinus and West Chester (Pa.) Teachers.

The opening game in the circuit Friday night, September 20, pits Moravian against West Chester.

Although only 18 teams are listed on the conference roster for 1946, it is expected that other eastern seaboard colleges will enter the circuit, which is the first operating eastern football conference in history.

Sports Roundup

By HUGH FULLERTON, JR.
Springfield, N. J., Sept. 13 (AP)—Fred Corcoran, who temporarily turned "amateur" yesterday to watch the National tourney at Baltusrol, picks Ted Bishop as the outstanding golfer of the four who reached the semi-finals. . . . That isn't just a plug; Ted was a pro for awhile but he was reinstated years ago. . . . Some of the folks around here are calling Smiley Quick a "typical public links golfer" because of the way he scrambles for his pars and birdies, but that's okay with the gallery. Smiley is the kind of guy who can take time out during an important match to give the glad hand to some one from his old home town, Centerville, Ill.

SPORTS BEFORE YOUR EYES

Frank Strafaci, who didn't qualify for the golf championship but qualifies as the original Dodger fan, spent most of the afternoon in the press room checking up on what was happening to them Burns. . . . Frank even has gone so far as to have his caddy carry a radio so he can listen to Brooklyn games during a match. . . . And what became of that "youth movement"? The youngest survivor is Bob Willits, age 28. . . . Prad Kammer, the local boy who made good at Baltusrol, was a pretty good college pitcher at Princeton a dozen years ago and a member of the Olympic Hockey team.

Fred claims to be the only Tiger pitcher who ever lost nine games to Yale in three years, which is a slight exaggeration because they don't play three times a season and Kammer didn't lose them all.

QUITE A FEET
Bo McMillin, Indiana football coach, isn't exactly superstitious, but this fall he's wearing the same pair of golf shoes he wore every day last fall when his Hoosiers were enroute to the Big Ten championship. . . . Bo just doesn't want to provide an opportunity for rival coaches who would like to be in McMillin's shoes.

PICK BEARS TO BEAT EAGLES

Philadelphia, Sept. 13 (AP)—The Chicago Bears, with two exhibition victories already tucked under their National pro-football league belts this season, was the pre-game favorite of the experts in tonight's clash with the Philadelphia Eagles on the municipal stadium gridiron.

Officials of the ninth annual exhibition classic sponsored by the Inquirer charities predicted a turnout of 90,000 fans for the first major attraction of the football season here.

Although the Bears defeated the New York Giants 19 to 0 and the Boston Yanks 24 to 17 in pre-season games, Eagles' Coach Earl (Greasy) Neale was confident his National league charges would nip the Bears' winning streak. The Eagles, runner-up for the Eastern division championship last season, defeated the Bears for the first time in history last fall in a Bethlehem, Pa., exhibition game.

The charity game will pit two of football's greatest stars against each other in the floodlight classic when the Eagles' Steve Van Buren, who scampered to 18 touchdowns for a National league record last year, tangles with the Bears' Sid Luckman, rated as one of the all-time great T-formation passers.

Two other top-flight Chicago

InterState League

(By The Associated Press)
The champion Wilmington Blue Rocks won their first victory in the semi-finals of the Interstate league playoff series for the Harold G. Hoffman trophy while Harrisburg ran its winning streak to three straight in a second semi-final series.

Wilmington gained its first win 7 to 2 last night against the Hagerstown Owls who won the first two games in the best four out of seven semi-finals. Meanwhile Allentown's Cardinals fell prey to Harrisburg's Senators 13 to 5 to give Harrisburg a 3 to 0 edge in that phase of the semi-finals. The Senators drove Allentown's Johnnie Gibson to cover after collecting six runs in Harrisburg's half of the sixth.

Wilmington's Weldon Lindamood nipped Hagerstown's chances of

backs also will command the attention of the Eagles—Hugh Gallarneau, reportedly in top form after a hitch in the armed service that slowed him up last year, and George (Crazy Legs) McAfee, a shifty broken field runner.

Today's Talk

WHAT ALL THE WORLD NEEDS
The world is filled with fine bodies and brilliant minds, bodies that have been trained physically, and minds that have been educated to think and to create, but the great lack has been in the education and building of a spiritual background, without which endless influence is impossible.

I have always been fascinated by that visit that Nicodemus made to Jesus. He was a noted and successful ruler, but he got to worrying about himself. Something seemed lacking. And so he decided that he would like to have a talk with this man Jesus, about which he had been hearing so much. It is significant that he chose to see him by night. Evening is the time to be confidential, and to search out someone to talk to, when worried, or in distress.

Well, Nicodemus had his talk with Jesus. He probably told the great Teacher all about himself, and his worries and confusion of mind. Then it was that Jesus said to him: "Ye must be born of the spirit." That statement was undoubtedly a little confusing to such a high born man, and perhaps he went away troubled, but both must have left with a new way of life clearly presented to them.

This troubled world is never to know perpetual peace and good will among men until it realizes that it must be "born of the spirit" and made spiritually conscious. It must be born all over again! Spiritual power must overpower material power. And that means political power. This beautiful world of ours cannot be divided against itself, and hope to gain unity of thought and conduct.

William H. Seward, Abraham Lincoln's Secretary of State, in the midst of confusion of thought, when the life of the American nation as a unit was at stake, said this: "There is a higher law than the Constitution!" And so there is today. A law higher than any Constitution, or Royally ruled land. A law of the Spirit that leads men out of their entangled hates and greediness into the consciousness of their responsibility to God, and to the souls of their fellow men.

This world not only needs "a new birth of freedom" but a rebirth of the spirit, without which no freedom can long endure. It can never realize a new birth through its continuance of ever renewing wars, with their aftermath of tears, disillusion, destruction and broken spirit.

Tomorrow Mr. Adams will talk on the subject: "Waste."

HENRY FORD AND YOUTH
Said Henry Ford, these boys today will get along as well as we. They'll find, no doubt, the better way.

Our eyes have grown too dim to see. They'll prove, whenever crises rise, To be as steadfast and as wise.

Though boys are always fond of fun, Don't worry! When they grow to men

They'll get the graver problems done. When they have stepped from now to then, As much of greatness will come out As ever we could boast about.

Lose faith in youth? Ah, never that! Each age has bettered all before. The boy beneath that tattered hat, Scarce noticed, in a few years more

May take his place upon life's stage As great as any of our age.

Out of their ranks, for every post Where strength and courage are required, And love of right is needed most, Will come the men with ardor fired.

However hard their tasks may be They'll do them, just as well as we.

had sent the insect to the museum. The letter read in part as follows: "The insect is our largest wasp, *Sphecius speciosus* drury. It is commonly known as the Cicada-killer because of the fact that it feeds its young entirely with cicadas. It is capable of inflicting severe pain by its sting and so should be avoided when possible. Its nests are built in the ground, often in lawns. If it is necessary to kill out a nest, this is best done at night when the wasps are all in the nests. Locate the nest opening during the daytime, go back after dark and pour into the nest opening an ounce of Carbon Bisulphide (inflammable) and cover the opening tightly with a small stone or bit of sod." The letter was signed by Edward

A. Chapin, curator of insects.

ASKS DRIVERS TO WATCH OUT FOR CHILDREN

Charles R. Mehring, burgess of Littlestown, today asked motorists to be especially careful in driving past schools in order to better protect the youngsters of the borough. Pointing out that the children are the community's most "precious asset," the burgess asked that all drivers be especially alert in protecting youngsters. "The children usually are careful, but a child is not an adult and cannot be expected to act as an adult," the burgess said, "therefore it is the duty of the adults to take double precaution in being on the alert lest any of our children be injured."

In a proclamation the burgess pointed out that hundreds of children in Littlestown and surrounding territories will be going to school five days each week now that schools are opened.

Safety Rules
He urged the driver to adopt the following rules of conduct in order to promote the safety of the youngsters.

"Every driver of a motor vehicle should exercise special care in crossing intersections where children are crossing."

"Every driver of a motor vehicle should observe the school signs and traffic stop signs throughout Littlestown and the surrounding vicinities."

Theater Damages Set At \$125,000

Philadelphia, Sept. 13 (AP)—Damages suffered by William Goldman Theaters Co., Inc., Philadelphia's largest independent motion picture theater operating firm, through inability to obtain first-run pictures Thurs. was set by Federal Judge William H. Kirkpatrick at \$125,000.

That amount was fixed in a ruling handed down by the jurist on a damage suit in which the Goldman firm charged 12 major film companies violated the anti-trust statutes in withholding films and giving preference to chain theaters. Inability to obtain the films, the suit charges, forced shutdown of the Erlander theater here from September 1, 1941, to December 8, 1942.

The Goldman firm asked triple damages in the suit. Judge Kirkpatrick, sitting in U. S. district court, directed attorneys to submit a suggested form of verdict. The ruling followed rehearing of the case in the district court under an order of the Third Circuit Court of Appeals which sustained a Goldman appeal from the original decision dismissing the suit.

WHAT IS AN ASSET?
Washington, Sept. 13 (AP)—Amer-
ican-Russian differences which have
hamstrung allied cooperation in
Austria brought Gen. Mark W. Clark
to Washington Thurs. for a series of
conferences with high government
officials.

Clark's number one headache as
United States member of the Allied
council in Vienna, he said on his
arrival yesterday, is the definition
of a German asset.

CATTLE—Receipts at the close of this week slightly reduced as compared with Thursday of last week. Trading in general slow with outsiders again taking the bulk of the day's receipts. Cows predominated in the day's receipts with local and big packer buyers only interested in low-grade arrivals due to compliance limits. All slaughter classes steady with earlier this week.

In the steer division, a load and a few truck loads of medium to average-good grass-fat steers, \$17—19.50. A load of top-good grass-fat steers, \$20.50, at the extreme close of market these cattle still unsold.
In the heifer division, the best offered medium to average-good grass-fat arrivals, \$14—17. Common lightweight heifers of dairy-breeding, \$11 to beef cows, largely \$11.50—13 with a few high yielding individuals, \$13.50—14. Common cows, cows carrying fat and flesh but aged and "chippy," \$10—11. Canners and cutters, \$7.50—9.50 with a few shelly canners, \$7.50.

Both good beef and sausage bulls, \$14.10 ceiling. Cutter, common and medium grade sausage bulls, \$10—13.50 with a few \$14. Extreme lightweight bulls, \$9. Industry broad for stockers and feeders but the supply very meager. Country buyers bought medium and good lightweight grass steers steady, \$15.50—16.50.

CALVES—Vealer trade very slow today with the local outlet greatly hampered by quota limitations. The general market, \$6c to \$1 lower than Wednesday with outside buyers taking the bulk of the receipts. Practical top to \$17.50. Mixed lots of good and choice 120-220-lb. vealers, \$16.50, mainly \$17.50. Common and medium grades, \$11—16 and calves around \$9 with under-weights, \$8.

HOGS—Demand far surpassed the day's estimated low receipts creating very active market. Prices unchanged from Wednesday at ceiling. Virtually all barrows, gilts, sows and stags, grading medium to choice, \$16.80.

SHEEP—Spring lambs active and steady with Wednesday. Practical top and popular price, \$20. Leniently sorted lots of good and choice 80-110-lb. spring lambs, \$19.50, mainly \$20. Mixed lots of medium and good arrivals, \$16—18. Common lambs, around \$14 with lightweight culls, \$10. Slaughter ewes active and 50c. higher than Wednes-day. Good and choice shorn slaughter ewes, \$7.50—8, with culls, \$3.

EPISCOPALIANS DEBATE DIVORCE

Philadelphia, Sept. 13 (P)—Bishops of the Protestant Episcopal church in the U.S.A. were split today on the question of liberalizing church canons to permit divorced persons to marry.

As the 55th triennial general convention of the church moved into its fourth day, the clergymen continued debate on the issue raised yesterday by Bishop Cameron J. Davis of Buffalo, head of the diocese of western New York.

Under a proposed revision introduced by Bishop Davis, chairman of a commission of 17 bishops, clergymen and laymen who drew up the proposal, each case involving remarriage of divorced persons would be judged on its own merits.

Present church law permits remarriage of a divorced person in the church only if the individual is the innocent party to a divorce granted on the grounds of adultery.

Under the proposal now being debated, the bishop and an advisory commission would decide whether the first marriage was a true union and whether the person was free to marry.

Debate about the proposal yesterday came chiefly with the offer of numerous amendments, most of which agreed to the principle set forth but sought to list valid causes for divorce and limit the discretionary power of the bishop. Some of the suggested causes were venereal disease, cruelty of an unusual

STUDY MOTION BY JOHNSONS

Scranton, Pa., Sept. 13 (P)—The U. S. court for the middle district of Pennsylvania was studying today a motion by Former U. S. District Judge Albert W. Johnson asking dismissal of federal conspiracy charges against him.

Johnson's son, Donald, former Snyder county district attorney, filed a similar motion asking the court to dismiss the indictment which charges the father and son and seven others with conspiracy to obstruct justice and defraud the United States.

The ex-judge said yesterday he was "compelled" to be a witness against himself in the case.

The indictment, returned a year

ago, charged the defendants with conspiracy to defraud the government in bankruptcy proceedings of the Williamsport Wire Rope Co. which were handled in the federal court over which Johnson presided.

Former Pennsylvania Attorney General Charles J. Margiotti of Pittsburgh and Attorney Raymond P. Campbell of Scranton filed the motions for the 73-year-old jurist who resigned under fire of a con-

gressional investigation. Johnson later was denied a pension when a House committee reported he "sold justice for all the traffic would bear."

There was no immediate comment from federal authorities.

Before the war, 99 out of every 100 Japanese children were in who resigned under fire of a con-

U.S., ITALY'S BIG CREDITOR, ASKS NOTHING

By JAMES MARLOW

Washington, Sept. 13 (AP)—The United States has stated it wants no reparations—payment for the money it cost us to fight her and the damage she did us—from Italy.

This country estimates that, of the \$335,000,000 we spent on the war, \$20,000,000 went into the Italian campaign. Then why cancel out \$20,000,000?

Because Italy is broke and we don't think she could ever pay us.

The British figure Italy owes them \$11,000,000 for reparations, but they are not going to ask for it.

Working Out Figures

Here's the story:

At the Paris peace conference—where yesterday we said we want no reparations—the claims for reparations by the various countries which fought Italy are being worked out.

When the final figures are agreed upon, they'll be written into the peace treaty which the United Nations will sign with Italy. Then it will be up to her to pay off during the years ahead.

The nations asking reparations, and the amounts, are: Russia, \$100,000,000; Yugoslavia, \$13,000,000,000; Albania, \$684,200,000; Greece, \$2,000,000,000; Egypt, \$519,000,000; Ethiopia, \$738,900,000; Mexico, \$50,000,000. Total \$5,390,100,000.

How She'll Pay

The only claim worked out so far is that of Russia, for \$100,000,000. Italy won't have to pay in cash, but in these three ways:

1. If Italy has any surplus munitions or machinery for making munitions—machinery useless for peaceful purposes—Russia will get them.
2. Russia will take over all Italian assets—like banking or insurance or oil or forests—in the Balkan countries. This will be all property or businesses owned by Italians.
3. Russia will send in raw materials and Italian factories will turn

MORE, CHEAPER FRUIT

Washington, Sept. 13 (AP)—More and cheaper canned fruits are in prospect. The agriculture department reported today that this year's pack is expected to set a new record with slightly lower prices, a possibility.

For a number of years she won't be able to make much money abroad by exporting goods for sale.

For a number of years she will have to import food and raw materials to keep her people and machines going. Without the food and materials she might wind up in chaos.

In order to pay for those imports of food and materials, she'll have to borrow money abroad. Where? This country, richest in the world, could lend her money.

But if Italy borrowed money from us, might it not be used to pay off the reparations being demanded now at the Paris peace conference.
